Departure guide

Before you leave

Check-out by 10:00 · Thank you for taking care of our home.

01 · Kitchen

Wash and put away dishes, or load and start the dishwasher. Empty the fridge of perishables and take your food with you. Only leave clean, sealed, usable basics if agreed with the team.

02 · Bedrooms & laundry

Keep used towels together, separate from bed linen.

03 · Waste & a quick tidy

Separate recycling and take rubbish to the street containers, approximately 100 m away. Leave the villa reasonably tidy and give the floors a quick sweep. The cleaning team handles the final clean.

04 · Fireplace & BBQ

Leave the BBQ and utensils clean. Only remove fireplace ash once completely cold and follow the team’s instructions.

05 · Outside & pool

Bring in the parasol and collect outdoor cushions. Remove toys and inflatables from the pool and put them away; do not drain the pool. Rinse beach equipment, the SUP and both canoes with fresh water. Dry the SUP and return it to its storage place; return the canoes to their place behind the villa.

06 · Final check

Sign out of your streaming accounts on the TV. Switch off lights and gym air conditioning. Close windows, roller blinds and doors. Check cupboards, chargers and the washing machine. Report damage or problems, return the key as privately instructed and message Mark & Kim when you leave. Have a lovely journey home!
